CORE PROGRAM

From foundation to applied delivery.

10-16 weeks · 7 current BRD-aligned modules · practice and evidence in every stage.

01

Idea and Opportunity

Frame the problem, customer and why now.

Opportunity framing · Problem clarity · Target customer · Mentor selection review

02

Customer Validation

Test assumptions with evidence.

Interview planning · Customer discovery · Validation evidence · Mentor validation gate

03

Business Model

Value, pricing and commercial logic.

Value proposition · Revenue and pricing · Unit economics · Business model review

04

MVP Build

Scope, build and test the smallest useful product.

MVP scope · Prototype and architecture · Test plan · MVP readiness review

05

Pilot Launch

Operate a controlled market test.

Pilot design · Go-to-market experiment · Launch checklist · Launch gate

06

Traction and Learning

Measure behavior and improve.

Metrics · Feedback loops · Experiment results · Traction review

TOOLS & PRACTICE

Build with the current working set.

✓ Opportunity brief

✓ Customer interviews

✓ Business model and unit economics

✓ MVP scope

✓ Launch and traction metrics

CAPSTONE DIRECTION

Frame a realistic problem, build the role-appropriate artifact, explain the trade-offs, respond to review and complete the published criteria.

OUTCOMES & BEYOND

Build skill. Build confidence. Build evidence.

No inflated promises - a clear route from learning to reviewable work and verified completion.

Validate a customer problem with evidence
